About Green Supply

Green Supply, Inc. is a Wholesale Distributor located in rural Vandalia, MO who caters to dealers of Sporting Goods, Hunting, Law Enforcement, and Camping Supplies. Housed within a 85,000 square foot building, we offer products from 200 manufacturers, including over 20,000 different products and adding more everyday. We are dedicated to bringing you friendly service, competitive pricing, and a wide variety of products.

We are a family oriented business, owned and operated by the Green Family-Robert, Karol, William and Sandy. We strive to help you with anything you need. We've never claimed to be the biggest, but we try our best to be the friendliest distributor in our field.

Our History

In 1967, Green Supply was a small business selling everything from toys and tools to sporting goods. For the first 13 years Green Supply was open to the general public. In the early 80s it was decided that if business were to continue to grow, an aggressive approach would be needed. In 1982 Green Supply ran its first ad in a national trade publication offering products for sale to the trade industry as a wholesaler. From that moment on, the goal was to expand nationally as a wholesale distributor.

Green Supply's business started as a telemarketing team of three, whose responsibilities were to not only take your order but also pull and pack it. Today the sales force alone has grown to over 20 professionals backed by experience and extensive training in the sporting industry. With over 20,000 catalogs circulated annually, Green Supply has grown from a regional supplier to a nationally recognized distributor with a staff of over 65.

Since we started out in that little building, we have added on to it 5 times to give us plenty of warehouse, shipping and office space.
